

# Our Charter Eco-Responsability

**Orléans Masters Badminton is committed to the local economy by:**

- Collaborating as much as possible with local companies, associations and partners.

**Orléans Masters Badminton is committed to limiting CO<sub>2</sub> emissions related to transport by:**

CO<sub>2</sub>

- Encouraging carpooling for our volunteers and players to come to the competition venue.
- The organisation of accommodation places close to the place of the competition in order to have accessibility by means of clean transport.
- The establishment of grouped shuttles between the place of the competition, the airports and the places of accommodation in order to avoid the proliferation of polluting means of transport.

**Orléans Masters Badminton is committed to limiting, sorting waste and recycling by:**

- The use of large formats for drinks.
- The establishment of returnable eco-cups.
- The provision of sorting bins and instructions.
- The reuse of displays, materials for future editions.
- The recycling of shuttlecocks used during the competition.
- The purchase of new materials with a view to reuse.
- The reduction of the paper format in favor of the digital format.

**Orléans Masters Badminton is committed to promoting sustainable development and eco-gestures by:**

- Raising the awareness of volunteers to take sustainable development into account, in all of their actions during the course of the Orléans Masters Badminton.
- The promotion and enhancement of our voluntary involvement in an eco-responsible approach via our labels.

**Orléans Masters Badminton is committed to bringing this charter to life**
